2017 Graduate  
BSc Interactive Media  
University of York  
United Kingdom

*An aspiring graduate  
with a passion for  
technology and music.  
Cares about quality,  
creativity and  
experience. Interested  
in opportunities that  
focus on the*

Hi, I'm Boda, a professional web developer from London, UK. I taught myself web development at university and now works on products that serves millions of people. Comfortable with: HTML, CSS, JavaScript, React, Redux, CSS-in-JS, Node, CI/CD, Git, test-driven development, documentation, design system and more...

My goal is to keep learning and one day create a product that focuses on communities and experiences.
